

2021 Annual Report

Dear Friends,

In the past twelve years, M.O.P. has transformed a group of disadvantaged youth into a family of intelligent students. Students who were once living lives of hopeless despair are now filled with dreams of bright futures thanks to education.

Education is the primary focus of Mawuvio's Outreach Programme. We believe that education is the key to ending the cycle of poverty; poverty that is rampant throughout Ghana. The majority of our students are the first in their families to attend school and learn how to read, write and make sense of numbers. This year we provided one hundred and ten youth, 53 males and 57 females with a basic Kindergarten thru Junior High School. Achieving basic literacy skills has given youth more self-confidence, self-determination and desire to continue their education journey.

All youth also participated in at least one after- school programme during the year. After - school programming was designed to expose youth to additional learning in the forms of arts, music, culture and sports. Participation in these programmes provided students with a strengthened sense of community with one another, opportunity to acquire skills which can be useful to them in their futures and further exposure to the world at large.

As we look forward into the future, we thank all the individuals both in Ghana and abroad that have helped management, staff and students continue to uphold the mission and vision of our organization. We foresee Mawuvio's Outreach Programme to have many successful years to come.

Yours Faithfully,

Eric Kwame Agoe

Our Mission and Vision

Mission Provide free education, shelter and care for at-risk youth across the globe regardless of sex, age, race or tribal origin.

Vision Reorient education towards sustainable development meeting the outcry of all children. Provide education, art, career and cultural programs to encourage children to succeed in our local community and extend support to vulnerable children in the future.

- **The right to quality basic education.**
- **Building community through educational, creative and vocational programming.**
- **Diversity in age, race, gender or tribal origin differences does not affect an individual's right to receive services.**
- **Support all members with respect, proper communication and relationship building.**

Programmes and Services

Mawuvio's Outreach Programmes have consistently provided youth with educational, vocational and creative avenues in which to learn. Each programme strives to equip youth the insight and tools they need to develop into contributing and successful members of society; breaking the cycle of poverty.

Educational Programmes

Educational programming is the core focus of Mawuvio's Outreach believing that education is key to lifting impoverished youth out of their present situations onto better, brighter and more promising futures. Education takes on many faces as youth are taught academics, culture, expression and creativity through our programmes.

Mawuvio's School: Kissemah

Mawuvio's Outreach Programme operates a Ghana Education Service approved Nursery and Kindergarten day school for disadvantaged youth whose parent/guardians do not have the financial means to pay the fees required to attend Ghanaian public schools.

The school curriculum teaches English, Mathematics and Environmental Studies as required by the Ghana Education Service

School operates between the hours of 8:00am-3:00pm Monday thru Friday.

Youth attending Mawuvio's School Kissemah who perform well in nursery and kindergarten are sent to the boarding facility in Ayikumah to continue with their primary schooling upon their parent/guardians permission.

Mawuvio's School: Ayikumah

Mawuvio's Outreach Programme operates a Ghana Education Service approved Primary day and boarding school (primary 1 – Junior High School) for disadvantaged youth whose parent/guardians do not have the means to pay the fees required to attend Ghanaian public schools/

Mawuvio's School curriculum English, Mathematics, Science, Environmental Studies, Religious and Moral Studies, Information Communication Technology, BDT, Ghanaian Language and Creative Arts classes as required by the Ghana Education Service

Mawuvio's School operates between the hours of 8:00am-3:00pm Monday thru Friday

Feeding Programme

The youth attending Mawuvio's Day School receive a nutritious meal every operating school day as part of the free lunch programme. The students focus and concentration on learning Mawuvio's School youth participate in the school's football club. Male and female students train weekly and participate in organized matches against neighboring schools. Youth are learning many values such as teamwork, importance of exercise and communication due to their participation in the schools club.

Football Club

Jewelry Making

Mawuvio's School youth learn the craft of local jewelry making. Traditional Krobo beads are purchased and then students and staff of Mawuvio's School craft the beads into bracelets, necklaces and earrings which are then sold worldwide to raise funds for the organization'. Youth are learning the values of craft, hardwork and contributing to the organization they belong to.

Music, Dance and Culture

All Mawuvio's School students participate in music, dance and culture programmes. Youth learn how to play both local and foreign musical instruments, sing local and foreign songs, dance local and foreign dance and how to sing and dance their local borbobor culture. Youth have been invited to perform at different events and participation in this programme provides them with worldly knowledge, opportunity and discipline.

Care Services

Mawuvio's School Youth are provided with basic care services. As a social welfare organization, it is our duty to provide youth with any toiletry, clothing, first aid or other need they may have that directly affects their well being.

Health Services

Mawuvio's School strives to provide its youth with basic health care services while in our care. A school nurse visits MOP once a week and inspects all students. Youth who are sick or injured are taken to the hospital and ensured proper care is given until the youth are healed. Mawuvio's school and staff are all registered into the National Health Insurance Scheme providing all students and staff with Ghana Health Insurance.
